Pre-requisites:	Visual Communications I, Free Hand Drawing		
Course Description:	<p>The Course intends to educate students the importance of drawing and drafting techniques for presenting their design concepts and ideas graphically. Not only presenting but also refining and developing their perceived notions and concepts.</p> <p>The course will also develop clear understanding of the relationship/coordination between plans, sections and elevations.</p> <p>The assignments/exercises will intend to develop not only their drawing & drafting skills, model making skills, understanding basic and complex geometries 2-dimensional & 3-dimensional, presentation techniques & renderings but will also enable students, reading Architectural drawings and details.</p> <p>The medium of work for this course is manual.</p> <p>The students are advised to save and scan all their work in time; they will be required to submit a digital copy, i.e. portfolio of their work of the entire semester. This will be included in their final grades.</p>
